

Quality

Quality Policy Statement

Aggreg8 specialises in the movement of aggregate and waste materials. Aggreg8 possess a definitive structure, which describes control and accountability at all levels of operation for the provision of its services to meet customer needs and expectations.

The Directors are committed to comply with requirements & continually improve the effectiveness of the system. The Directors have established a framework for setting objectives for the business, which is controlled & monitored by the Management Review.

Adherence to this policy involves all of the Company's activities and employees. Detailed requirements are incorporated in the Company's procedures. All employees are responsible for their own work and are committed to participate in the operation, implementation and improvement of the Quality Management System.

Line managers are responsible to the Directors for the effective implementation, monitoring and promotion of the system. This is achieved through the internal quality audit process, operational monitoring and by identification of corrective and preventive actions for the continuous improvement of the system.

The policy will be reviewed periodically to ensure that it remains relevant & appropriate the company.
